December 2, 2016

As a follow-up to my previous email (see below) concerning the discontinuation of toxics sampling at the Laboratory site (421010004). this email is to inform you that we have started toxics sampling at the NEW (NCORE) site effective as of November 14, 2016. The NEW site code is 421010048. This email is being sent to you per the recent TSA Audit Finding MN-1.

Subject: AMS Discontinues Toxics Monitoring at the Laboratory Site

Howard Schmidt
Atmospheric Scientist
EPA Region 3
1650 Arch Street
Philadelphia, PA 19103

September 30, 2016

This email is to inform you that Air Management Services has discontinued Toxics sampling at the Laboratory site at 1501 E. Lycoming St. effective September 30, 2016. The site ID is: 421010004. This email is being sent to you per the recent TSA Audit Finding MN-1.

Note that per the commitment for Toxics monitoring in our 105 Grant, we will continue to operate four Toxics monitoring sites in Philadelphia. Accordingly, Toxics monitoring for VOCs and Carbonyls will be shifted from the Laboratory site to the NCORE site at NEW, 2861 Lewis St. This site ID is: 421010048. Sampling will begin as soon as electricity and an appropriate shelter is available at the NEW location. We will inform you when Toxics sampling resumes again.
